

## TELECO *Perfect Voice* In-Skin Voice Mail for Toshiba

TELECO continues to offer an in-skin voice mail card for all Toshiba DK, CTX and CIX series phone systems called ***Perfect Voice***. The in-skin card is a half-size card designed to fit inside the CIX 40, as well as all DK, CTX and CIX systems with an included extender plate and faceplate. We offer many different versions depending on different criteria such as phone system type, port size, integration type, and end user experience.

TELECO's *Perfect Voice* systems come standard with the following built-in features:

- Up to 5000 Mailboxes
- Minimum 70 Hours of Storage
- Voice Mail to Email Forwarding
- Music on Hold RCA Port
- Background Music RCA Port
- Remote Access via Modem or RCS via Ethernet
- 1-Year Advanced Replacement Warranty
